### Help Your Child To Perfect

Your child probably won't be a perfectly empathetic being by age three. (There are some teenagers and even adults who haven't mastered this skill completely either!) In fact, a big and very normal part of being a toddler is focusing on me, mine, and I. Remember, empathy is a complex skill and will continue to develop across your child's life.

### How to Help Your Child Develop Empathy • ZERO TO THREE

Help your child discover their strengths and passions. Encourage your child to visit with a career counselor to take aptitude tests. The Myers-Briggs test, Strong Inventory, and Holland Code were three of the tests I found beneficial when redesigning my career path. While I don't recommend basing huge decisions off of one test, I do believe ...
