Connecting the city of Middleton to the Wisconsin River, Black Earth Creek is an obscure paddling prospect—more known for its nationally famous trout population. Nevertheless, this creek is a wonderful little gem with a great combination of prairie paddling and forest paddling that should not be overlooked by south-central Wisconsinites.

Air temperatures on Earth have been rising since the Industrial Revolution. While natural variability plays some part, the preponderance of evidence indicates that human activities—particularly emissions of heat-trapping greenhouse gases—are mostly responsible for making our planet warmer.. According to an ongoing temperature analysis led by scientists at NASA's Goddard Institute for ...
